

IVY CREEK FOUNDATION EDUCATION BUILDING GUIDELINES

The Ivy Creek Foundation is pleased to offer use of the Education Building to non-profit organizations and agencies for meetings, classes, and programs with an environmental, educational, or conservational purpose. However, the Ivy Creek Foundation is a very small non-profit and cannot commit staff time or material resources to your meeting. It is imperative that the building be left as it was found and that security be a top priority. Failing any of the conditions below will jeopardize future use of the building. Thank you for your care and attention to our space.

SETTING UP:

1. To prevent damage, please lift tables to move them, do not drag them across the floor.
2. There are 8 folding tables and 60 folding chairs available to be set up in whatever formation works best for your event. 10 folding desk-arm chairs are available by permission. The space seats approximately 60-65 in theater style (using only the folding chairs), 32-42 in classroom style (chairs at tables facing the screen, use of the desk-arm folding chairs), or 20-24 in conference style (using all 8 tables in a square or U-formation facing center with folding chairs placed around on the outside). Please return all tables and chairs to their original or stored locations upon conclusion of your event.
3. **Please contact the office before your event to get the front door code.** Be aware that the front door automatically locks from the outside when shut tightly. Only one or two key people in your group responsible for managing traffic at your meeting should have the combination. Do not give the combination to anyone else without permission from ICF.
4. THE ICF OFFICE IS OFF-LIMITS. Please bring a cell phone with you. Do not give the ICF number as a contact number.
5. Access to the Education Building requires a short walk from the parking lot. For large items or catering access, please arrange permission ahead of time with ICF.

4. Never leave the building unlocked while not occupied. Before leaving, please double check that all doors and windows, including the side door, are locked.

OTHER NECESSITIES:

1. After Dark: If a meeting starts or ends after dark, the walkway and parking lot light switches are located on the left rear post of the kiosk. The lights are not guaranteed to be on when you arrive. The group leader should bring a flashlight to help locate the switches if the meeting starts after dark, and turn off the lights in the same manner once

the meeting has ended and the attendees have safely reached the parking lot.

2. Building Security: Ivy Creek Foundation does not have enough staff to be onsite for every event, class, and meeting. A designated person must contact staff prior to your meeting for the door access code so that your group can get into the building. This code should not be shared with more than one other person from your group, to help manage traffic in and out of the building during your visit.
3. Indemnification. To the fullest extent permitted by law, the undersigned organization shall defend, indemnify and hold harmless Ivy Creek Foundation, the County of Albemarle, and City of Charlottesville, and their respective employees, officers, and agents, from and against any and all loss, injury, or damage caused by the undersigned organization or its members, employees, or agents' use of the Education Building or entry onto the Property.
